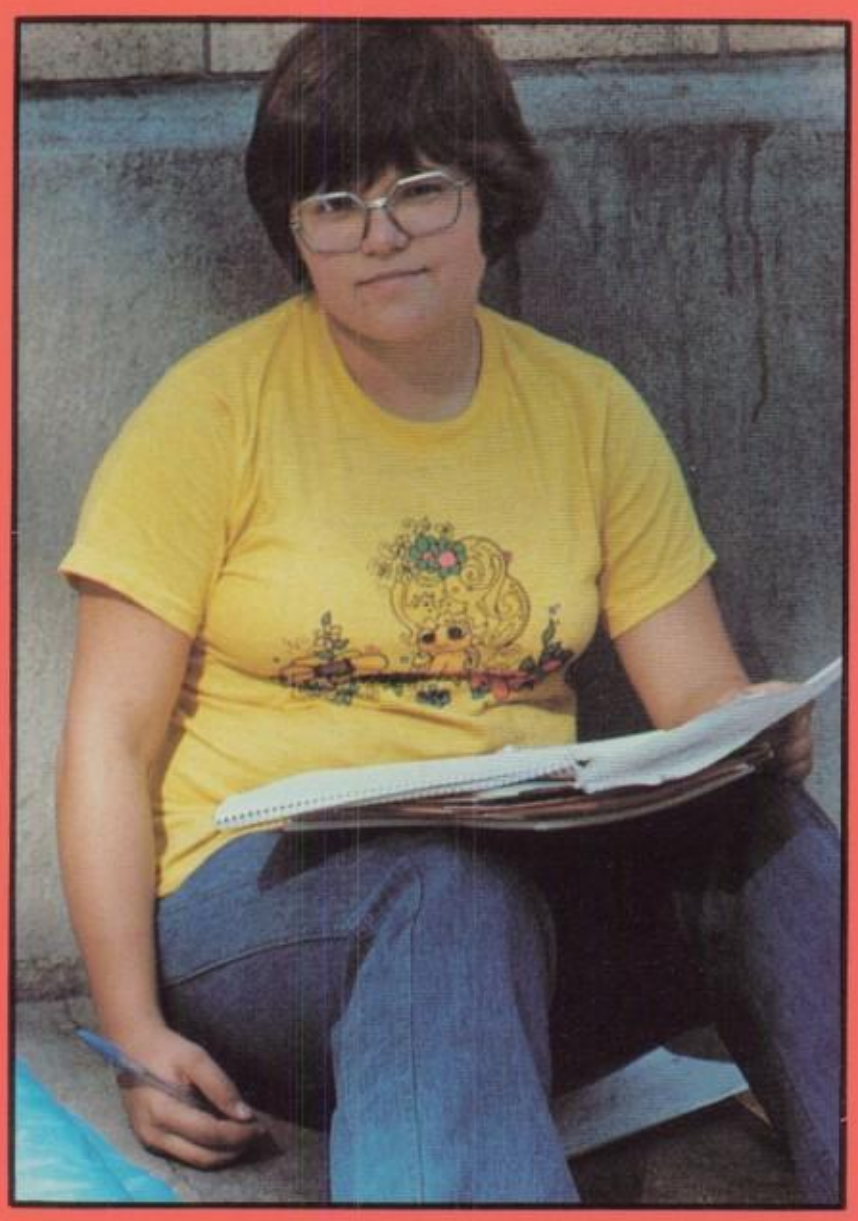
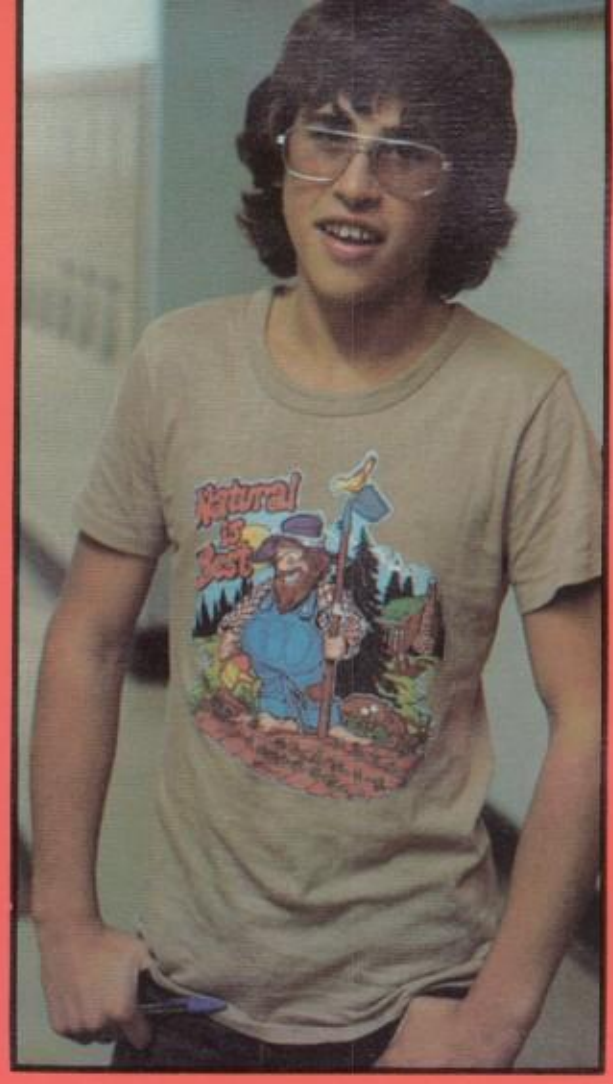
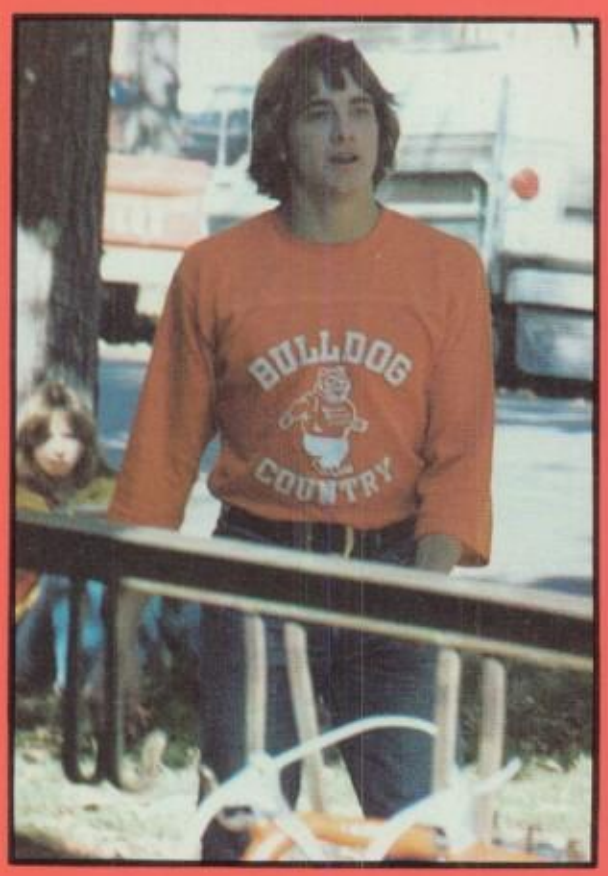
Carol Engler







We enter high school as young people whose view of life is often tinted with optimism. Four years later we emerge as young adults, often disillusioned with the realization that the world is not as bright as we had once thought.

The greatest causes of our broken view of life are the dreams and emotions that we have spent in four short years. The experiences that once disturbed us now seem trivial, events once catastrophic or hilarious are now only mildly so, and the people that we once dared to love and believe in suddenly seem less perfect and more human.

Ideas, emotions and fantasies sent us bursting into life with a hopeless abandon, blind to the harsh realities all too present in our lives. Throughout our years in high school we stumble over these realities, skin imaginary knees and pick ourselves up; somewhere in the process losing sight of our dreams. We can't allow the unpleasant experiences of the past to create stumbling blocks to the future. These bruised fantasies, harsh realities and broken dreams of our past are what enable us to reach and grow in new directions.

We must hold fast to our goals, touch surrounding reality and dare to dream.

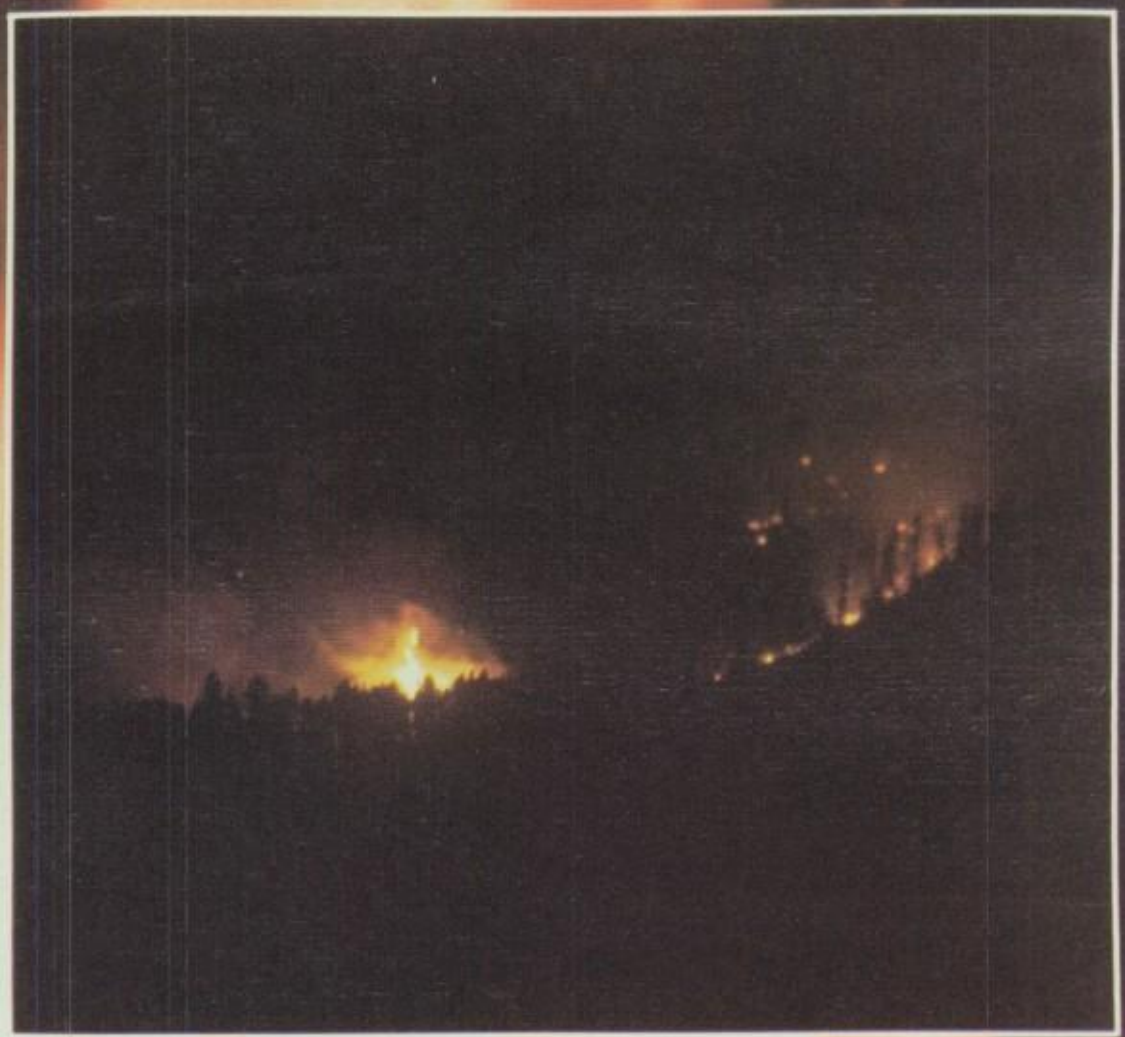
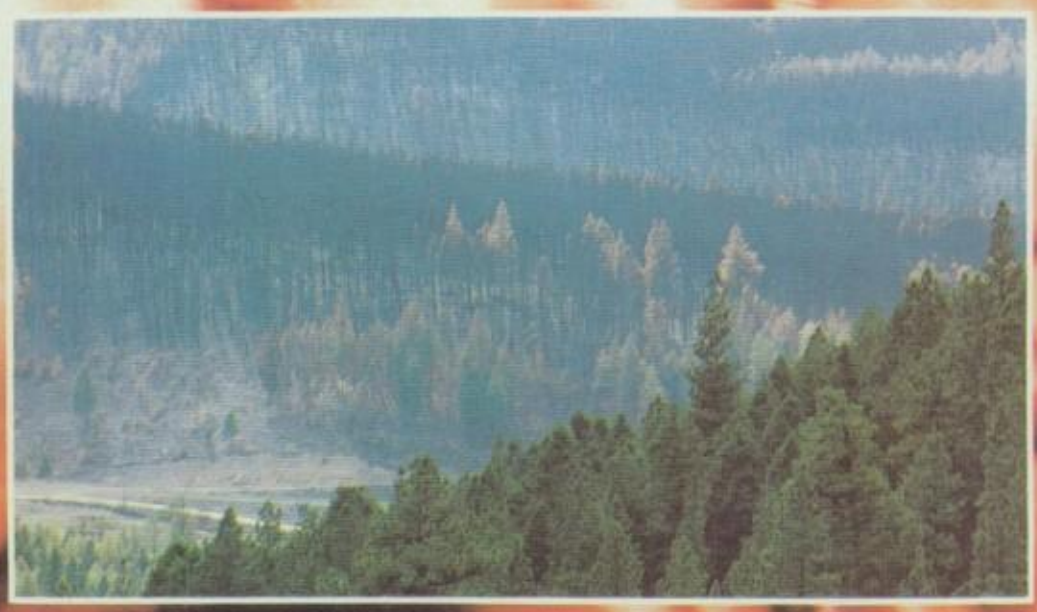
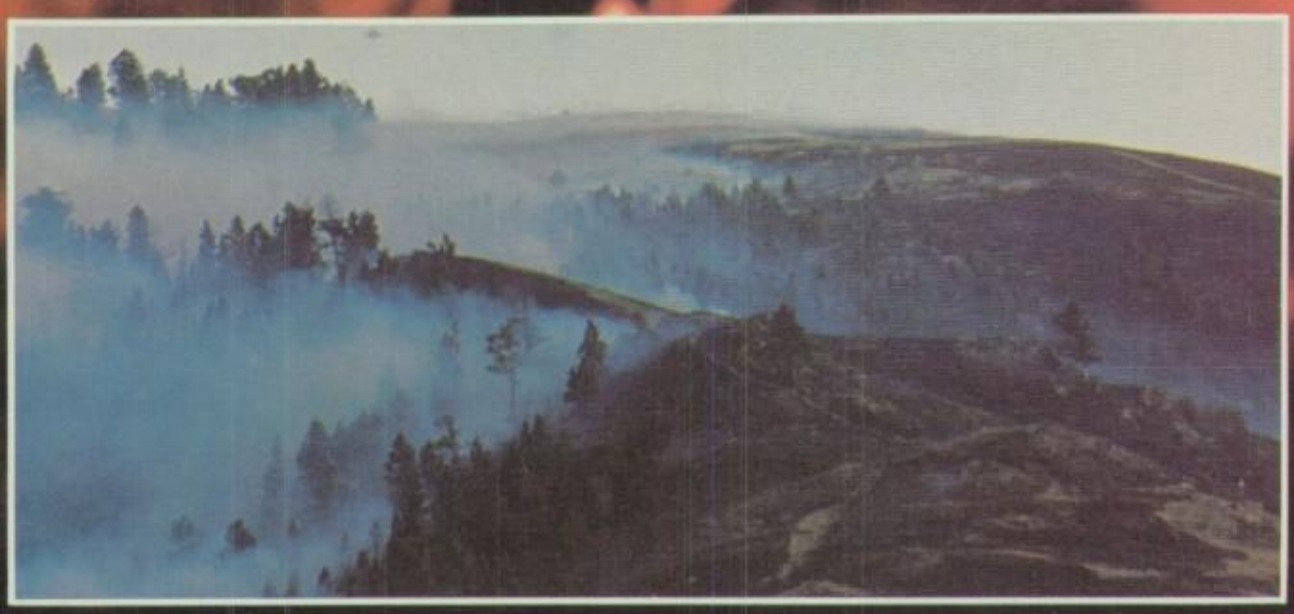
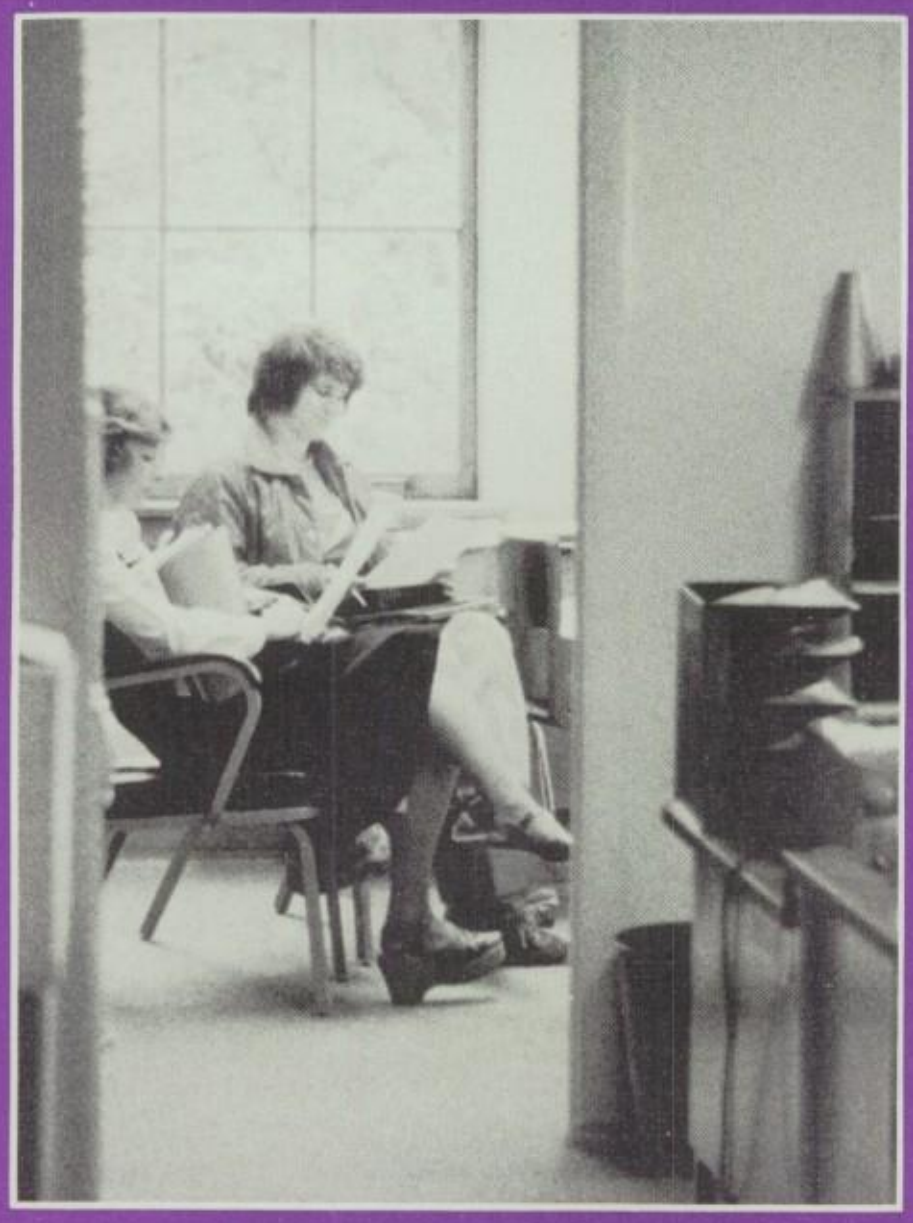
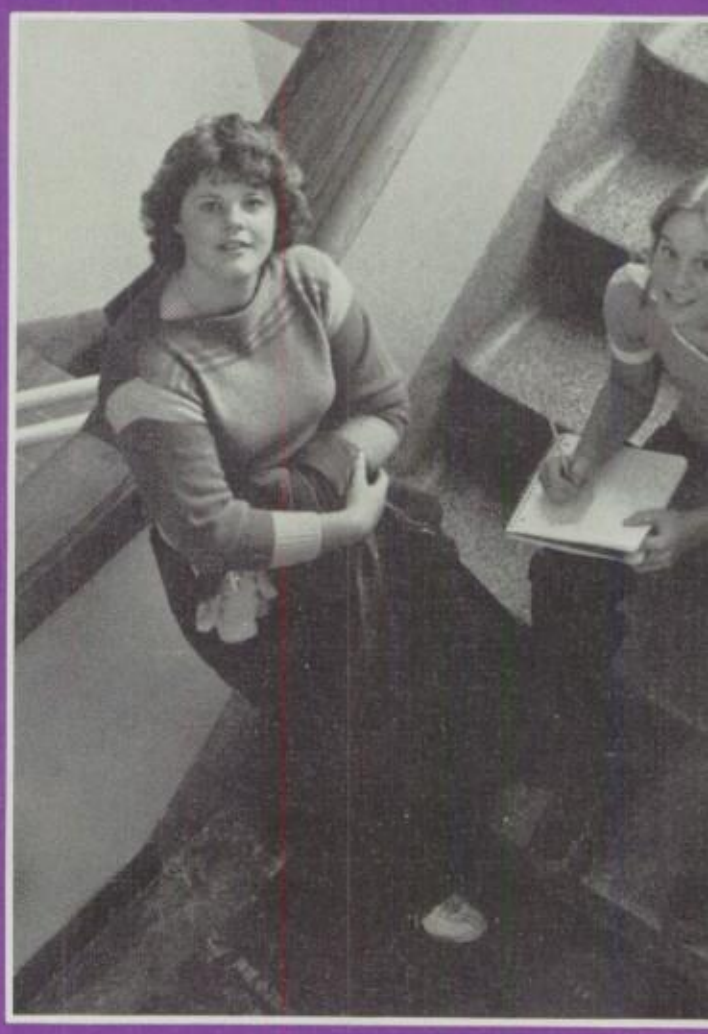
The Summer Of 1977 Brought Fire To Missoula

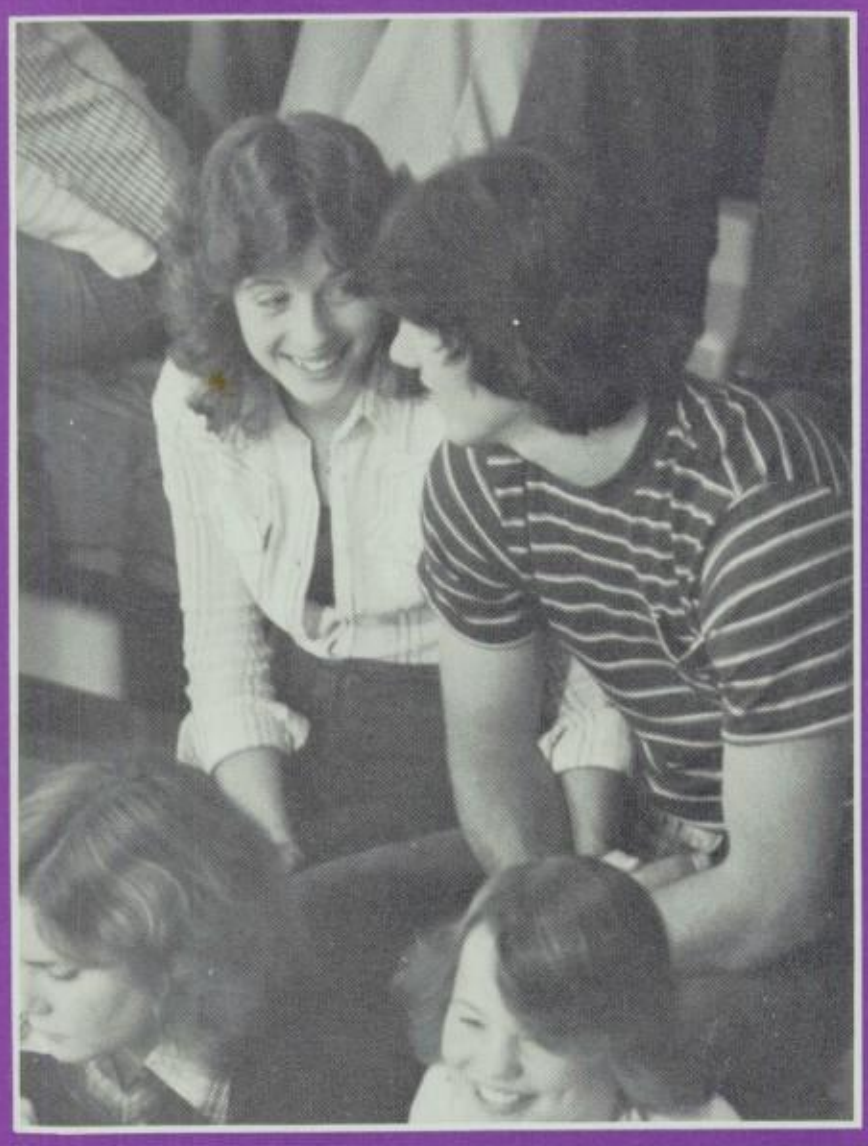


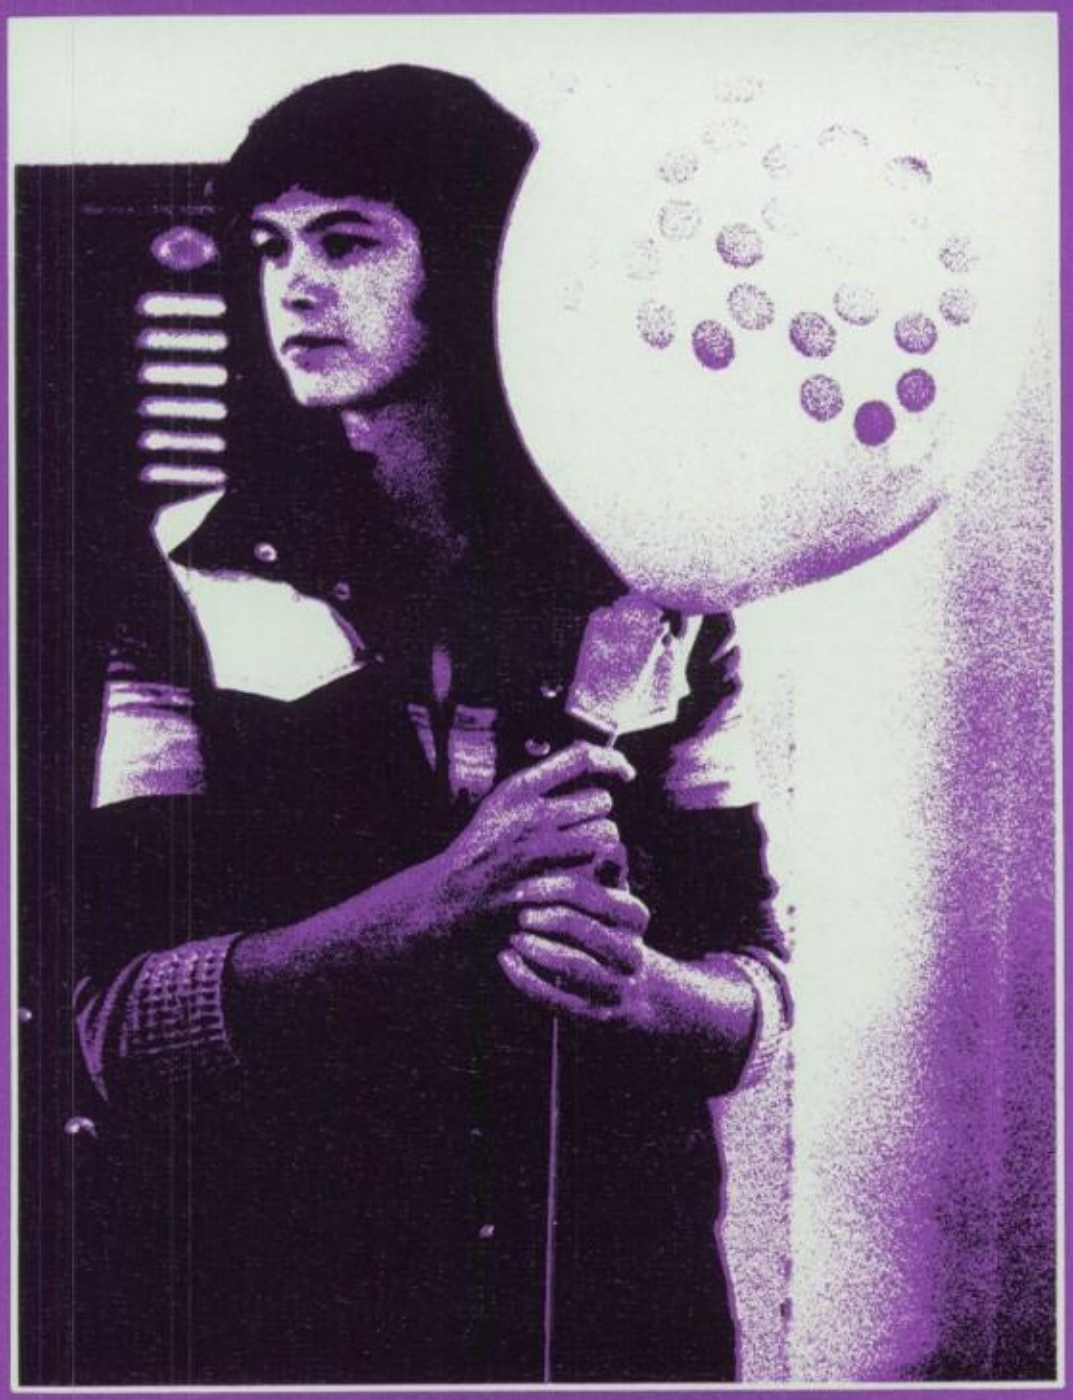












"Rope the Rustlers" was the theme for Homecoming 1977. Activities began on October 30th with the announcement of Royalty, pep cheers and a roping contest at the morning assembly. The roping continued on into the afternoon when the football team won an exciting game against CMR, 17-14. Halftime entertainment was provided by the Valkyries and Marching Band.

The Homecoming Parade took place a week later on October 8th. A number of Hellgate students worked on and participated in the parade which was a combination of Montana Days with the University and High Schools Homecomings.

Homecoming King and Queen were Brady Bryant and Dawn Beardsley.

I was honored to serve as Boys State governor. I had the responsibility to deliver a state address, make appointments, sign or veto bills from four houses, give a final address and address the state of Montana Legionaire convention in Lewistown. In addition, I was given a shower, kidnapped, dodged hundreds of wads of paper while serving as master of ceremonies for the talent show.

"It has been a fantastic experience to come here from Copenhagen, Denmark. I want to give a special thanks to AFS, my family (both here and in Denmark), to Hellgate, and others who have brought my dream to reality. I also want to thank the teachers and students who have helped me to feel at home here. I really feel at home at the Pfister's (my family) and I want to thank them for what they have done for me.

People here are almost the same as people in Denmark. But, the school system here is very different from the school system I was used to in Denmark.

My biggest problem at this time, is that I have so much homework that I don't have much time to do anything else. But, still I am enjoying my stay.

I took this trip because I wanted to try something new and to try to find out why Americans are as they are. I recommend it to anyone else who wants to learn more about the world.

DE BEDSTE HILSNER,
Benny Angelo Kornum

Linda Parker, senior, was an American Field Service domestic exchange student to Rancho Palos Verdes, California. Linda lived with John and Lily Lee and their daughter Lydia from September to January.

The Lee family is Chinese, and although very much Americanized, treated Linda to a few old country delicacies such as bird's nest soup and seaweed soup which Linda said "tasted like aquarium water that fish had been swimming around in."

Family activities included swimming or playing tennis on the family court, attending the World Series games in Los Angeles, a vacation in Palm Springs and Christmas vacation in Acapulco.

Linda attended Rolling Hills High School and took classes ranging from dance choreography to gourmet cooking.

Linda said being a domestic exchange student was a wonderful experience and highly recommended it to anyone.

"AFS has made it possible for me to experience a great new environment. I have noticed many differences and at the same time many similarities between Missoula and my home community. I have especially enjoyed the beautiful scenery here. I really appreciate the help and kindness that I've received from all the people here at Hellgate. You have made my stay here very rewarding and have given me a feeling of acceptance. I feel as if I'm a part of my family (the Albini's) and of Missoula. I am glad that this opportunity to exchange communities was available to me."

This year's basketball team started the year off slow but grew with more experience. "Three problems were the cause of the slow start," said Coach Hays, "lack of height, lack of varsity game experience and a new coach with a different style of play."

The lack of height couldn't be changed but was dealt with by developing better basketball skills. Having only two players that saw varsity action last year hurt the team during the first half of the season. But the team's performance improved as the season progressed.

Coach Hays commented on the third problem, "Starting the season with a new coach is a learning experience for all." Hays had both new offensive and defensive plays plays that the team had to cope with. The team dealt with these problems very well with a 3-3 conference record and a 6-7 overall by the end of January. With the continuing improvement, the Knights should make an appearance in their tenth State Tournament.

After the sixth season, girl's basketball has taken a strong root at Hellgate High School. With dedication, determination, and experience, the 1977 Knights have compiled a season record of 10-3 overall and 8-1 in conference play. The experienced senior leadership has combined with an Outstanding bunch of younger players to make this year's team the strongest ever and one of "championship quality."

It has been a most challinging and rewarding year for me coaching these athletes. Their courage and love for the game of basketball has proven to be a building block for a bright future of girls basketball at Hellgate.

Activities

Chamber Choir

Chamber Choir is the top choral group. Students who are selected for this choir must have worked for two years in other choirs and are required to audition for conductor Neil Dahlstrom. Although the choir performs music ranging from pop, jazz and blues, their repertoire also includes traditional works such as portions of Handel's Messiah.

Chamber Choir performed in various concerts throughout the year. They traveled to Great Falls for the AA Choral Festival where they worked for two days under the direction of Dr. Eph Ehly, one of America's most sought-after conductors. The two day rehearsal culminated in a mass concert with the five other attending schools. Many vocalists from the choir sung in the December 18 production of Amahl and the Night Visitors and the choir participated in the Christmas assembly. Chamber Choir financed their trips with the money they raised from selling magazines and fruit.

The cooperation within the choir and the resulting creation, their music, are the two elements that make this choir a close one.

The ensemble is the school's top vocal group and is comprised mainly of seniors. According to director Neil Dahlstrom, "The students are chosen for their outstanding abilities in voice and musicianship." The group rehearsed every day and performed for civic organizations and clubs. They also took part in choral concerts, some singing with Sentinel's top vocal group, the Spartanaires. The group took a few trips and travelled to Helena December 8 for their annual concert at the Veteran's Hospital. Dahlstrom commented, "This year's group carries on the tradition of musical excellence that has been so well established throughout the years. Some of the most beautiful voices in the school are in this group."

The money received from fund-raising projects is used to further all varsity athletics at Hellgate. Some projects were paying for letters and trophies, putting up posters, and installing a stero in the weight room.

All Hellgate athletes who earn a letter through the varsity sports program are eligible for and invited to join H-Club.

A tense atmosphere prevails in Room 310 on Thursdays after school. Here the members of Chess Club meet to test each other's skills in a few unhurried games of chess. The silence of the room is broken only by the players' movements or by a triumphant "Check". The skills Chess Club members polish at weekly meetings are used to good advantage in their annual match against Sentinel.

The club does not sponsor any money-making activities, but the members contribute enough money to buy refreshments for the weekly meetings.

Stat Club

A group of eight dedicated girls spent much of their free time this year keeping the statistics for the football and basketball teams. The girls in Stat Club ran the scoreboard, timed the games and kept track of the number of fouls, time outs, touchdowns and baskets. Climbing up Trapper Peak in a blizzard, pounding tent stakes into frozen ground at midnight and biking to Lolo Pass on foggy mornings are a few of the activities Outdoor Club engages in to escape from everyday routines and city life.

Each fall for the past four years Outdoor Club travelled to Glacier Park to view bald eagles feeding on the spawning Kokanee Salmon. Chilling winds, flooded stoves that won't light and frozen fingers never fail to make the trip a challenging experience.

Several day trips in the form of hiking, skiing, snowshoeing and bicycling are activities performed by the group. Membership is open to anyone interested. There are no dues although some gas money is collected from participants to cover driving expense.

Anybody interested in target shooting is welcome to join.

Mr. Edmonds, the adviser of Rifle Club, risks his life every Wednesday to teach members the fine points of rifle competition.

French Club

The Modern Language Clubs give students an opportunity to meet other people with an interest in a language, while learning about the language and its culture.

French Club organized in September to choose officers. With the formalities over, they immediately organized a soccer team and challenged the German and Spanish Clubs to games. Winter activities included hors-d'oeuvre and fondu parties, while in December, French Club joined with the other language clubs in a Christmas party. A Mardi Gras was organized in March and in April all three clubs met again to sample foreign foods at the International Banquet.

Spanish Club members participated in the Christmas party, International Banquet and soccer competition with the other language clubs. To raise money they held their annual sopapilla sale. The money obtained from the sale was used to satisfy the appetites of hungry party-goers and to pay for transportation to activities. The Spanish Club hiked on weekends and held a scavenger hunt. The highlight of the year, however, was the party featuring native speakers of Spanish that live in the Missoula area.

The members of German Club spent much of the year selling (and eating) German candy. The money raised helped German students to pay for a session at a German camp. The club played soccer against the other language clubs and attended the International Banquet and Christmas party. They held many parties throughout the year, including their annual Oktoberfest in October.

AFS

The American Field Service is a club that supports domestic and foreign exchange students. It gives American students the opportunity to study abroad, and gives foreign students the chance to learn the customs of the United States. The Missoula County AFS chapter helped the club to earn money for AFS scholarhips. AFS sponsored the Homecoming Dance, sold Christmas cards and held their annual candlelight dessert to raise money.

This year's foreign exchange student was Benney Kornum from Copenhagen, Denmark, who lived with the Pfister family. Don Brady from Filmore, California, was the domestic exchange student and served as vice-president of AFS. Other officers of AFS included Renee Fontenot as president and Todd Easton as secretary-treasurer.

Operation Europe

OPERATION EUROPE-Front Row: Paul Kirkpatrick, Rolf Sohlberg. Row 2: Walter Graf, Georgiana Graf, Shelly Frame, Cheryl Kradolfer. Not Pictured: Eric Sohlberg.

Advisers Walter and Georgiana Graf make it possible for five Hellgate and twenty Sentinel students to travel to Europe. The students must submit an application and have a personal interview with the Grafs to be accepted. Students who apply should be enrolled in a foreign language or plan to take one if accepted. The countries that the group visits primarily speak German and French so the students who speak these languages are given preference over students who don't. The students raised money for tips, tours, transportation and motel fees by selling wood and stationery. The group leaves June 19 and will spend thirty-five days touring the countries of England, France, Switzerland, Italy, Austria and East and West Germany.

This year's Orchestra played a variety of music from Baroque to contemporary and from heavy to light pop. They raised money by holding bake sales and selling magazines and fruit. They made a trip to Billings for the All State Orchestra Festival.

The ensembles consist of all the string players who wish to play, and selected woodwind, brass and percussion players from the band.

The Orchestra performed numerous times. They performed at the annual Christmas assembly and also took part in Hellgate's musical in mid-February. They gave a concert with the grade school orchestra which included Missoula string players of all ages.

Stepping high, Rory Krout leads the Band.

A tour of Disneyland, a trip to the beach and a cruise in New Port Bay were a few of the highlights of the Marching Knights Rose Bowl trip. The Band submitted an audition tape in the spring of 1977 and was accepted as Montana's Rose Bowl Band. To raise money for the trip, band members sold fruit and magazines and several business donated money. The Band practiced ever day during school and spent their Saturday mornings marching through Missoula streets. The Band left for California December 28 and arrived there December 30. A stop at Las Vegas on the trip down and once again on the way home gave the Band a chance to see the casinos and luxury hotels of the town. The Band headed for the parade line-up at 5 a.m. and began their 5½ mile march at 8 a.m. The Band spent most of its time on the bus, playing games, talking and sleeping. They reluctantly returned January 5, tired, but very happy.

Pep Band

A glance at the Pep Band's itinerary proves that it is Hellgate's busiest band. Besides playing at football games, wrestling matches, basketball games, school assemblies and tournaments, the Band also greeted Bob Hope at the Missoula airport and rallied the freshman during the Freshman Convention.

The main purposes of the Band, raising spirit and keeping it high, are accomplished by playing pop tunes, peppy music, the school song and through the enthusiasm of the members. The Band can be heard rehearsing before games and matches, and during the odd times their crammed schedule allows.

PEP BAND-Front Row: Todd Hess, Carl Rising, Paul Krout, Brad Elison, Warren Sheldon, John-Rose. Row 2: Alan Crowther, Caroline Hartse, Paula Marcinkowski, Rory Krout, Sue Fritz, Kimme Young, Joan Bessac, Shelley Nelson, Debbie Bentham. Freshman Band

Freshman Band is where it all begins. In future years, the hard work, effort and talent produced in the first-year Band will be channeled into the Concert, Marching, Pep and Jazz Bands. The Band rehearses every day and participates in concerts with the other bands throughout the year. For some students, Freshman Band is their first introduction to brass and percussion instrumentation. This class gives them a chance to experiment with different instruments before choosing a specific one. The Band does not take trips as the other bands do, but in the spring they give concerts during a "Mini-Tour" of Missoula grade schools.

FRESHMAN BAND-Front Row: Diana Pegelow, Adam Ganz, Adriene Chapman, Pam Buck, Kim Newman, Barbara Weldon, Suzanne Derrick. Duke Ellington, Carole King and Neil Sedaka are some of the names included in the repertoire of Jazz Bands I and II. Jazz I and II both give concerts at school and for community groups. The Bands take few trips, but Jazz I, the top group attends the Jazz Festival in Bozeman in late February. The Bands hope to provide swing music for a few dances to raise money for more trips.

Cookie Club

The purpose of Cookie Club is to provide cookies for the Halberd staff. The club is headed by a Cookie Sheriff, whose job is to make sure each member brings his cookies. During ninth period Halberd staff members munched on cookies while diligently producing the yearbook.

The Cookie Sheriff, Tina Sterner, prepares to chastise an offender.

Administration

For much of the year Mr. Zellick was incapacitated by illness. Mr. Dan Delaney (Asst. Supt.) very ably filled in during Mr. Zellick's convalescence. Happily Mr. Zellick was able to return to the district in January.

Mr. George Zellick Superintendant

School Board

The school board was faced with a dilemma this year as a result of action by the State Department of Education. OSPI denied continuance of variances obtained by MCHS and decreed that we must meet state standards by next year or lose accreditation. The MCHS school board had to deal with the question of what to do with 1000 students too many for existing facilities. Various obtions were discussed with double shifting next year a certainty.

Mr. Richard Correll Principal

Mr. Correll had a more hectic year this year than most. What with being severely overcrowded and implementing a double shift schedule for next year the lights burned several evenings late into the night at Hellgate.

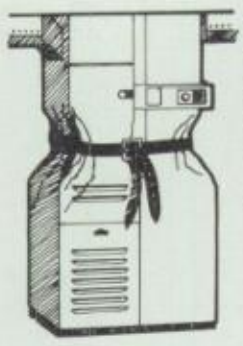
TIGHTEN THE BELT ON HOME HEATING



Your heating equipment offers a good chance to save energy.

In cool weather, you can set your thermostat at the lowest comfortable daytime reading. Some folks call the reading that is preferable the "goose bump" zone and they wear sweaters or heavy clothing to be comfortable. By lowering your thermostat at night, you'll save energy and money, too.

In warm weather or cool, insulation and weatherstripping work for you.
